OBJECTIVE

Self-motivated, evolving creator searching for an environment that will enrich my senses, thoughts and passion for design and time based media. The ideal position would allow me to share my knowledge as well as learn from others.

EXPERIENCE

what2design - what2design.com 2008-present
Principal / Multimedia Director of company specializing in brand aware design and original brand creation across motion, print and interactive applications.

RESPONSIBILITIES: client and project management, directing designers, proposal writing, logos, stationery, ads, e-newsletters, 2D and 3D animations, video graphics packages, web design and dynamic development utilizing PHP and ASP, media-rich interactive PDFs and SEO consultant.

Blue Plate - blueplatechicago.com 2006-2008
Graphic Designer / Web Developer working with marketing team to create print and interactive initiatives for the parent catering and event planning company, sub divisions and restaurants.

RESPONSIBILITIES: Flash animations, dynamic website development, website maintenance, brochures, recipe cards and menus, new business proposals, food and event photography, custom package design and assembly, e-newsletters, CD and DVD labels, t-shirts, and Flash web banners.

TeamWorks Media - teamworksmedia.com 2004-2006
Multimedia Designer / Developer working in an environment of designers, developers, video editors and marketing team to create motion, print and web projects.

RESPONSIBILITIES: 2D and 3D animations, dynamic Flash based websites with CMS integration, website maintenance, identity design, brand management across various mediums, story board creation, photography, creative concept development, ads, postcards, direct mailers, brochures, e-newsletters, new business presentation books, CD and DVD labels, CD packaging, DVD menus, posters and illustration.

Nivens Design - nivensdesign.com 2002-2003
Internship working under the Creative Director developing interactive projects for the web and CD-ROMs.

RESPONSIBILITIES: 2D animations, Flash based applications, website development, audio/video recording, editing and optimizing, CD-ROM authoring, asset management and directing a team of my peers.

EDUCATION

Ascend Training - Flash MX 2004 Advanced Application Development 2005
Illinois Institute of Art - Multimedia Development 2003-2004
Eastern Illinois University - B.A. Graphic Design 2000-2003
